## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

### Fire Permit

A *fire permit* is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a.m. and after 5:00 p.m.*

### Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

### Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit.  
Keep our town free from smokes in 1970.

## REPORT OF POLICE DEPARTMENT

Parents of children who walk to and from school are urged to see that their children use the sidewalks where provided. We do not want any child injured as a result of walking in the street.

Increased traffic on Interstate Route 89 is still presenting problems. Out of 62 accidents investigated by this Department, 22 took place on 89. Four involved two or more cars and eighteen were single vehicle accidents. In most instances, excessive speed for road and weather conditions and inattention to driving was the cause. Ten persons required hospital attention as a result of these accidents. In addition to those investigated by Warner Police Department, many more were covered by State Police.

Officers have attended special training classes for further instruction in Police procedures. It seems that each year the departmental services are requested more and more, and the additional training our officers receive is of great help.

This past year, two new FM radios were put into service, replacing the old AM sets. The new units are more quiet in operation and have the additional advantage of allowing us to be in direct contact with Police cars working in surrounding towns. One half of the cost of one set was paid by funds from the New Hampshire Highway Safety Commission.

The purchase of an equipped cruiser for this Department, purchased with matching funds from the New Hampshire Highway Safety Commission, I believe should be given high priority this year. I have delayed asking for this purchase as long as I feel we can. This action is requested in fairness to the members of the Department who have furnished their own transportation for several years.

Now that we no longer have a physician in town has meant that this Department has been called on more fre-

quently than before to transport persons for emergency hospital attention. The listing of calls attended, will show the increase in this one field alone.

Training of an officer to fill the Chief's position in the near future should be started immediately.

All members of the Warner Police Department wish to express their sincere thanks to the Selectmen, Fire Department, Highway Department, State Police and the many local residents who have worked with and co-operated with us, making our job easier.

### REPORT OF THE PLANNING BOARD

The Warner Planning Board met but a limited number of times in 1969, the consensus being that no effort should be made to modify the new zoning and building code and ordinances until a generous trial period has passed.

The need for eventual adoption of sub-division ordinances was recognized and the conclusion reached that proposed regulations for sub-division should be drafted in 1970 for action by the 1971 Town Meeting.

Respectfully submitted,  
RICHARD A. BROWN, Chairman

## LIBRARIAN'S REPORT OF THE PILLSBURY FREE LIBRARY

To the Trustees of Pillsbury Free Library:

The library has taken on a new look this year with the installation of new electric lights. They not only enhance the beauty of the library but help in our aim to better library service.

The Friends of the Library presented a stereo record player and the library purchased four head phones. This has become a very popular addition to the library.

A Children's story-hour was held this summer. Friends of the library and high school students helped and gave a party for the children in August.

The American Legion Poppy posters were displayed in May. These posters were made by the Graded School pupils.

The library has a collection of large print books and phonograph records for circulation.

12,949 books have been circulated this year. 344 new books have been added.

The Civic Improvement Committee of the Warner Woman's Club with help from the Fire Department lighted the tree on the lawn at Christmas. The interior of the library was decorated by the friends of the Library.

The Pillsbury Library wishes to thank everyone that has helped in any way during the year.

The trustees have met in the library for all their regular meetings.

Respectfully submitted,

EMILY M. GEORGE

Librarian
